To value diversity and to develop curious, confident and connected learners.

Tēnā koutou e te whānau, he mihi nui kia koutou katoa.

Tēnā koe Colleague,

Thank you for your interest in the permanent Year 3 /4 classroom teacher role starting in Term 1 2027.

Our school is a large urban primary and intermediate school situated in Mt Eden, close to Dominion Road. We have just finished a \$33 million rebuild, and our teachers teach in a collaborative environment. The school is exceptionally well resourced with an extensive library, auditorium, gymnasium, heated pool, and a large field.

The school caters successfully for diversity. In addition to the promotion of strong academic programmes, it has a reputation for curriculum innovation by developing a broad, integrated curriculum based on an inquiry approach. Philosophy for Children is also a key component of our learning environment.

We are looking for a passionate Kaiako with the ability to plan and implement engaging class programmes within an Inquiry based learning environment. The ability to be open to learning and to actively contribute to your team are desired attributes.

The successful applicant will be an integral member of their whānau and will continue to promote those aspects of Balmoral School that both educators and the community see as providing a challenging, innovative and rewarding environment for students and staff. The ability to further enhance the integrated curriculum model we have developed and actively participate in our professional development programme is desired.

More information about our school can be found on the school website.
