Mairehau High School

Harry Romana- Principal

"Kia ora, future teachers:

Mairehau High School is dedicated to helping students find their path to success. We have a supportive and nurturing environment with exceptional staff. Our students appreciate our small class sizes and traditional learning spaces.

We believe in always striving for excellence. We focus on the students and take pride in our positive relationships with them. We work closely with parents to address each student's educational and pastoral needs. Our goal is to provide the best possible learning experience for the young people in our community."

The Mairehau Way (CARE) is our values system. It reflects how we feel, think, act and treat each other. We expect all students to understand and demonstrate these values daily.

Challenge: Always be the best you can

Achieve: Set and reach your goals

Responsibility: Take ownership of your actions

Empathy: Be accepting of others. Show tolerance and acceptance of others.

Our students have the opportunity to benefit from a learning environment that is supportive and encourages excellence.

You will enjoy your time at Mairehau High School because it is a school which:

- Places a high priority on learning.
- Encourages students to become independent learners.
- Expects students to respect themselves and each other.
- Set high standards for behaviour.

Three important aspects of Mairehau High School are:

- | | |
|---|--|
| 1 | We build meaningful, strong relationships. |
| 2 | We are a culturally rich, diverse, and inclusive school. |
| 3 | We are a whānau school. |

My advice to teachers is to respect yourself, respect others, and respect the whenua. Build strong and meaningful relationships with others. Enjoy the privilege of being a teacher.

Our Waka Guardians (School houses)
