# KORAKONUI SCHOOL

## *Korakonui Community*

Korakonui is located South of Te Awamutu, and is in the middle of Te Awamutu and Otorohanga. Korakonui is surrounded by beautiful farmland, and many of our families are from rural, farming environments. We do have a few families who travel out from town so their children can experience a wonderful rural school education. Our families are extremely supportive.

The roll is currently around 170 students.

## *Korakonui School*

Korakonui School first opened in 1911, and very much is the hub of the community.

Currently eight classes are in operation – split into a junior, middle and senior team. We provide excellent opportunities for top quality learning and a wide range of sporting, cultural and social activities.

Our staff are dedicated professionals who support each other collegially and collaboratively. They readily accept responsibilities and contribute fully to the corporate life of the school. All staff are encouraged to grow professionally.

Our school is well resourced, and with good facilities. The grounds are attractively laid out and include paved areas, two adventure playgrounds, two courts, large field area and a swimming pool.

The ethnic composition of the school is 85% NZ European, 10.9% NZ Maori and the remaining 4.1% are a variety of ethnicities.

## *Programmes/Curriculum*

Programmes are consistent with the New Zealand Curriculum, and are designed to be learner centred, differentiated to cater for the specific needs of each individual student. Student agency and engagement is valued, developed and celebrated.

Teachers are expected to work collaboratively and to contribute to the running of our school by providing high quality learning experiences, and opportunities for our students. We have a culture of reflective practice, and teachers are encouraged to be innovative in their pursuit of designing quality programmes that meet the diverse needs of their learners.

Korakonui School is committed to providing opportunities that equip our students to operate fluently as 21st Century learners and citizens.

## *Education Review Office*

An E.R.O. review was conducted in 2016 and our latest report is currently available on our school website
