

Buildings and Grounds:

The Waikoikoi School environment is very attractive and the students enjoy well-maintained grounds. We are bordered by the local sports domain which has a tennis court and cricket pitch available for school use.

The two classrooms interconnect, with the school library. We have a welcoming office area, resource space, staffroom and a principal's office.

We have ample ICT facilities in our school, with 1 device per child.

Parent Help:

Waikoikoi School Board of Trustees do not charge school fees, however, our parents fully support our school in many different ways from providing transport, sporting code instruction and camp supervision.

Curriculum:

We combine with other rural schools for sport and cultural events.

Some of our special events include:

- Annual Year 4-6 Camp
- EOTC trips
- Welcome outside educators into our school to share skills and information
- Community annual 2-day ski trip in Term Three
- Miniball - coached by parents
- Athletics, Cross country, Rural schools' senior swimming sports, Kiwi sports day (combining with other rural schools)
- Bi-annual Cultural Festival
